WRITTEN ARGUMENTS
WILL BE PREPARED

(By Associated Press.) OAKLAND, Cal., March 7.—Senator Broad, president of the senate, has appointed Senator Rominger and Frank Sweet, president of the grape growers' association, to write an argument in behalf of the Rominger initiative measure.

C. E. Bundschu, member of the viticultural commission, and Harry Ryan, organizer of the Trades Union Liberty league, were appointed to write an argument against it.

SHIPPING RECORDS.

(By Associated Press.) LONDON, March 7.—Arrivals of British merchant ships at ports in the United Kingdom, 2,015; sailings, 2,209; merchantmen unsuccessfully attacked, 6.

LAFOLLETTE HURT WISCONSIN'S NAME NEVADA LEADS IN COPPER AND GOLD

(By Associated Press.) MADISON, Wis., March 7.—The legislature of Wisconsin condemned Senator Robert M. LaFollette as disloyal to the national government, when the assembly by a vote of 33 to 32 concurred in the senate amendment resolution. The assembly had been deadlocked for a week over the proposition and passage of the disloyalty resolution occurred at 11 o'clock yesterday morning, after an all-night session.

The principal speeches were by Assemblyman Donnelly, Democrat, of Milwaukee, and Assemblyman Eyjue. "The state of Wisconsin is on trial before the bar of public opinion," said Mr. Donnelly. "The people of this state and the people of the nation expect the legislature to condemn and rebuke those in high and representative places who have sought to obstruct our government in the successful prosecution of the war."

"Senator Robert M. LaFollette has by his actions and his conduct brought the fair name of the state of Wisconsin into ill repute. The people of this nation will not be satisfied with any mere service loyalty."

PRELIMINARY PEACE TREATY SIGNED

(By Associated Press.) AMSTERDAM, March 7.—A Bucharest dispatch says the peace treaty was signed Tuesday at Bucharest. The signatures were those of Foreign Minister Von Kuehlmann, Foreign Secretary Czernin, M. Montschloff, vice-president of the Bulgarian cabinet, Talaat Pasha, Turkish grand

vizour, and M. Carantoujan, for Rumania.

It is agreed the armistice will run fourteen days from midnight of March 5, with a period of three days for denunciations. A complete agreement was reached that final peace will be concluded within this period on the basis of preliminary peace.

ROADS FROM PETROGRAD ARE THROGGED

(By Associated Press.) PETROGRAD, March 7.—Moscow is to be declared the new capital of Russia and the government proposes to publish a statement to this effect immediately. Petrograd will be proclaimed a free port.

Notwithstanding the signing of peace the government is determined to transfer all the state institutions to Moscow, Bishni-Novgorod and Kazan. The removal of the ministers of foreign affairs, communications and finance began yesterday. The population of Petrograd is hastily

quitting the city, but there is many transportation difficulties and already the roads leading from Petrograd are crowded with all sorts of vehicles.

The Russian delegates returned from Brest-Litovsk and will report to the executive of the Soviets as soon as possible. According to the latest reports, hostilities have been suspended on all fronts, the Germans having halted on the northern front along a line comprising Narva, Pskov, Vitebsk, Mchlev and Orsha.

BLUE CROSS PLANS BIG BENEFIT DANCE

DELIGHTFUL PARTY WILL BE HELD FOR BENEFIT OF WORTHY WAR CAUSE.

Surely no war work has ever been met with more ready enthusiasm or warmer heart interest by the people of Tonopah than the work of the Blue Cross, which is, as all know, the society that carries succor and love to the "sub-human army," the wonderful "war dogs," the noble horses and patient mules that are giving their very best, their lives, for our cause and the cause of our allies, humanity and democracy. On every side has been heard the earnest desire for us to do our part in sending our help and our appreciation to these brave dumb soldiers, many of which are the proud possessors of the envied Croix de Guerre, and so to meet this desire to help the local Blue Cross is to hold a benefit jitney dance at the Airdome on Wednesday evening, March 13, which will undoubtedly be one of the most enjoyable successes of the year.

Miss Helen Case, the chairman of the entertainment committee, together with her enthusiastic assistants, has planned a most enjoyable evening. There will be not only dancing to the delightful music of Young's orchestra, but a famous brew of fruit punch and sandwiches will be served, and the Junior Red Cross and Boy Scouts are going to do big work in selling Mr. Hannan's candies.

Novel decorations and lights will go to make a brilliant scene and the very best of all—but that is to be a great surprise—so come to see, to dance and to make merry for the beautiful work of raising money for the maintenance and care when wounded of the loving "war dogs" and horses, who are our soldiers' faithful friends, even unto death.

TELEGRAM NOT READ.

(By Associated Press.) SAN FRANCISCO, Cal., March 7.—The Heney league has announced that a telegram containing indorsement of Heney's candidacy for governor from Secretary Lane was sent to be read to the Iniquitous club convention on Washington's birthday, but was never read. Thomas Woolwine, another candidate for the Democratic nomination, was the principal speaker.

MULLIGANDERS TO BID VOLUNTEERS GOODBYE

Despite the stormy weather and the slippery condition of the streets, there promises to be a huge crowd at the Airdome this evening to bid farewell to the engineers of the 319th regiment who leave for the front. A dance will be given in their honor and it will be free. All are invited to come and have a big patriotic, jolly time. The Mulligan club, to which a number of the volunteers belong, is giving the party and it never does things by halves. The boys have raised all the necessary funds, such as the rental of the Airdome and the hiring of the musicians, two members of the latter named organization, by the way, being among the departing patriots.

TWO PLANKS NAILED DOWN.

(By Associated Press.) CHICAGO, March 7.—National prohibition and woman suffrage will be the leading planks of the platform of the new National party, which resumed the sessions of its first national convention today. It was augmented by one hundred delegates who bolted the prohibition party yesterday while deadlocked over the proposed merger.

MAKES HIGH SCORE.

(By Associated Press.) CINCINNATI, Ohio, March 7.—C. Styles of Detroit topped the high score in the individual event and by bowling 702 went into the lead in the individual standing at the American Bowling congress tournament here yesterday.

C. Leonard of Detroit, Styles' partner in the doubles, also bowled well in his singles, going into fifth place with 672. In their doubles matches, however, Leonard and Styles fell far below the average, finishing their games with 1077.

MERCHANTMEN SUNK.

(By Associated Press.) LONDON, March 7.—Eighteen British merchantmen were sunk by mine or submarine in the last week, according to the admiralty report. Of these twelve were vessels of 1,600 tons or over, six being under that tonnage. No fishing craft was sunk.

AMSTERDAM, March 7.—It is officially announced at Berlin that a treaty has been signed between Germany and Finland. Trade and shipping agreements and a supplementary protocol were also signed.

NEVADA LEADS IN COPPER AND GOLD

Mining is one of the West's most important industries. Following are figures of the production in certain western states for 1917:

Utah's total mineral production for 1917 was about \$115,000,000, with copper, silver and lead, the principal output.

Wyoming produced \$89,394,610, with oil and coal in the lead.

Nevada, \$53,000,000, with copper and gold leading.

Idaho, \$54,000,000, with lead, silver and zinc the principal metals.

California, \$41,457,682, principally gold and copper, with over \$100,000,000 in oil production.

These figures are simply illustrative and do not include Arizona, which produced nearly three times as much copper as Utah, nor Montana, which is one of the greatest copper states in the Union, nor New Mexico and Colorado, which are great metal producers.

It would probably be safe to say that the eleven states west of North Dakota and Texas produced nearly \$1,000,000,000 in new mineral wealth in 1917.

When you consider that increased production for these mines is a vital necessity to the government in carrying on the war it is apparent that measures tending to encourage the development of the mining and smelting industry are important.—The Manufacturer.

THIRD AND LAST CALL FOR THE ENGINEERS

PATRIOTIC AND WELL QUALIFIED VOLUNTEERS, LEAVE FOR THE FRONT.

All men who have signified their intention to join the 319th engineers are wanted at the Mirpax hotel in order that their papers may be fixed up and transportation issued. This is important and the following men must report today: Charles Evans, James Currie, E. O. Seeley, John Kryder, Charles Marcus, Roy John Stone, Mike Mitchell and Glen De Cordova. Also any other men not in the draft age who think they are qualified for the 319th engineers are invited.

The party will go out on Saturday morning, but the recruiting officers will spend Friday in Goldfield and the final arrangements must be made today. One more recruit was obtained this morning. He is Albert R. Armstrong, who is with the Nevada Gas company.

PREMIER CONGRATULATES.

(By Associated Press.) AMSTERDAM, March 7.—The Austrian premier, in announcing the signing of preliminary peace by Rumania, congratulated the lower house "that by the military and political co-operation of Austria and its allies this important stage on the road to general peace has been reached."

A HELPFUL STORM.

(By Associated Press.) SAN FRANCISCO, Cal., March 7.—General rains are drenching the state today. The storm is predicted to be one of the heaviest in years. Weather bureau officials say this assures increased crops, improved pastures and replenishment of streams where hydro-electric power is generated, with consequent saving of oil and other fuels.

BILLIONS IN INSURANCE.

(By Associated Press.) WASHINGTON, March 7.—Secretary McAdoo today announced that the war risk insurance bureau has written insurance aggregating \$12,000,000,000 on the lives of a million and a half soldiers, sailors and nurses. They average \$8,085 each.

A BRIDE FROM TONOPAH.

A marriage license was issued in San Francisco March 2 to Eliza H. Dorney of Bliss, Okla., and Miss Hally Hollingshead of Tonopah. The "lady in the case" is said to be none other than our Miss Holly Helzner, as she is more generally known. She has been at Palo Alto for some time past.

IMPROVEMENTS CONTEMPLATED

(By Associated Press.) OMAHA, Neb., March 7.—The Northwestern railroad will spend a half million dollars in Omaha this year in the construction of new passenger car yards, provided government officials will permit the expenditure. Plans and blueprints of the new yards were today forwarded from Omaha and will be laid before Director McAdoo for approval before work is begun. The present passenger yards of the Northwestern are on the east side of the Missouri river, in Council Bluffs, but the new yards will be located in South Omaha.

GOOD SHOWING BY THE NEW ADMINISTRATION

COUNTY SAVES MONEY IN DEPARTMENT OF AUDITING AND RECORDING.

The annual report of Mrs. Jennie A. Curieux, recorder and auditor of Nye county, shows that office to have been admirably conducted during the first year of her administration. The report is compiled so that while every detail may be seen, the summaries give great clearness to the status of the office, making it easy to note how the county's affairs are being conducted.

In this compilation much credit is due to Mrs. Curieux's efficient assistant, Mrs. Maud Coulter, who aided in the preparation of the report. While everything contained within the covers is of interest to the taxpayers of Nye, one thing stands out prominently, and that is the economy of the present administration. In 1916, before Mrs. Curieux's taking of office, the receipts were \$3,6173.40, while the expenses were \$7,034.67, leaving a deficit of \$3,421.27. In 1917, under the present administration, the receipts increased to \$5,712.67, while, with the additional clerical work, the expense was cut to \$6,579.41, making the office self-sustaining within \$868.74. The saving in cost to the county in 1917 over 1916 was \$2,554.53.

TRIAL RESUMED.

VISALIA, Cal., March 7.—The Howe murder trial will be resumed this afternoon with examination of a special panel of fifty talesmen, all of whom were summoned from sections outside of Porterville, the scene of the shooting.

WALLACE REID AT THE BUTLER.

One of the youngest and most popular stars of screendom is Wallace Reid, who has had several times the distinction of appearing as leading man for Geraldine Farrar in her gigantic screen productions, such as "Carmen," "Joan, the Woman" and others. Mr. Reid's latest Paramount photoplay is "The Hostage," in which he will be seen at the Butler tonight. In the special post office station in the western Paramount studios, the "R" box is one of the most heavily used of the lot and often creeps dismally under its heavy load. Wallace Reid in a day receives more letters from film fans than the governor of California receives from office-seekers in a week, and anyone who knows anything about office-seekers will readily appreciate the ratio in favor of Mr. Reid. Most of these letters are written in the familiar up and down stub pen backhand, bearing undeniably the stamp of feminine location. The best of it all is that "Wally" deserves all the nice things that are said about him in these letters, which come from far and wide. The story of "The Hostage" has a plot chock full of action, and, best of all, has a real love story, which you will surely want to see.

Tomorrow, Corinne Griffith, with Overtown, in "The Menace," and a "Big V" comedy. Remember, Baby Marie Osborne will be with us Sunday.

TERRITORY NOT TO BE REQUIRED OF RUSSIA

(By Associated Press.) VOLOGDA, Russia, March 7.—D. R. Francis, the American ambassador, has published a statement declaring that the United States did not desire territorial conquest in Russia. He said he already had recommended to his government that it recognize any government the Russian people might choose and said he sincerely hoped the Russian people would refuse to ratify the separate peace treaty with the central powers.
